

U.S. Representative Dan Burton to Tour Arcadia Resources' DailyMed Operation Today

Visit Recognizes DailyMed's Innovation In Pharmacy Care and Company's Commitment to Improving Care, Reducing Health Care Costs

INDIANAPOLIS, INDIANA, June 22, 2009 – Arcadia Resources, Inc. (NYSE Amex: KAD) a leading provider of home care, medical staffing, and pharmacy services under the Arcadia HealthCareSM brand, today announced that **U.S Representative Dan Burton of Indiana's 5th District will visit Arcadia's DailyMed facility in Indianapolis at 2:30 p.m. today. Media are invited to attend.**

Sen. Burton will be touring the 7,000-square-foot facility located at 9525 Delegates Row in Indianapolis and meeting with DailyMed's employees and Arcadia HealthCare's management team.

"I'm visiting DailyMed Pharmacy in Indianapolis to see how a private enterprise is playing an important role in improving health care in America. In Congress, we are about to embark on a serious debate, and I believe DailyMed is a local example of how our solutions will come from the ingenuity of the private sector."

The DailyMedTM Pharmacy (www.dailymedrx.com) dispensing system sorts and organizes a patient's monthly prescriptions, over-the-counter medications and even vitamins into convenient, pre-sorted packets, making it easier than ever to take the right medication at the right time of day. DailyMed's system helps drive down both drug and overall healthcare costs while giving patients a safer and more convenient way to take their medication.

In the dispensing process, a DailyMed pharmacist reviews each patient's medication profile and utilizes state-of-the-art Medication Therapy Management (MTM) tools in order to improve the safety and efficacy of the medications being dispensed. The DailyMed program improves patient care and drug utilization while reducing drug and hospitalization costs for private and government payers.

"We are very pleased to welcome Congressman Burton to our DailyMed facility. He is a recognized leader in Washington and an important voice for our state on the role innovation must play in making health care safer, more affordable and more accessible for all. After spending two days in Washington last week discussing health care reform and with today's visit by Congressman Burton, its becoming very apparent DailyMed is the right product at the right time," said Marvin R. Richardson, president and CEO of Arcadia Resources.
